Move to natural

Our brand.

We lead a movement towards a more natural way of living, by taking unnecessary plastic out of performance apparel.

Brand strategy.

Purpose-led.

We've been a purpose-led brand since the very beginning. Move to natural is our rallying cry, it's both the vision for our product and an invitation to consumers to join the movement.

Naturally better performance apparel.

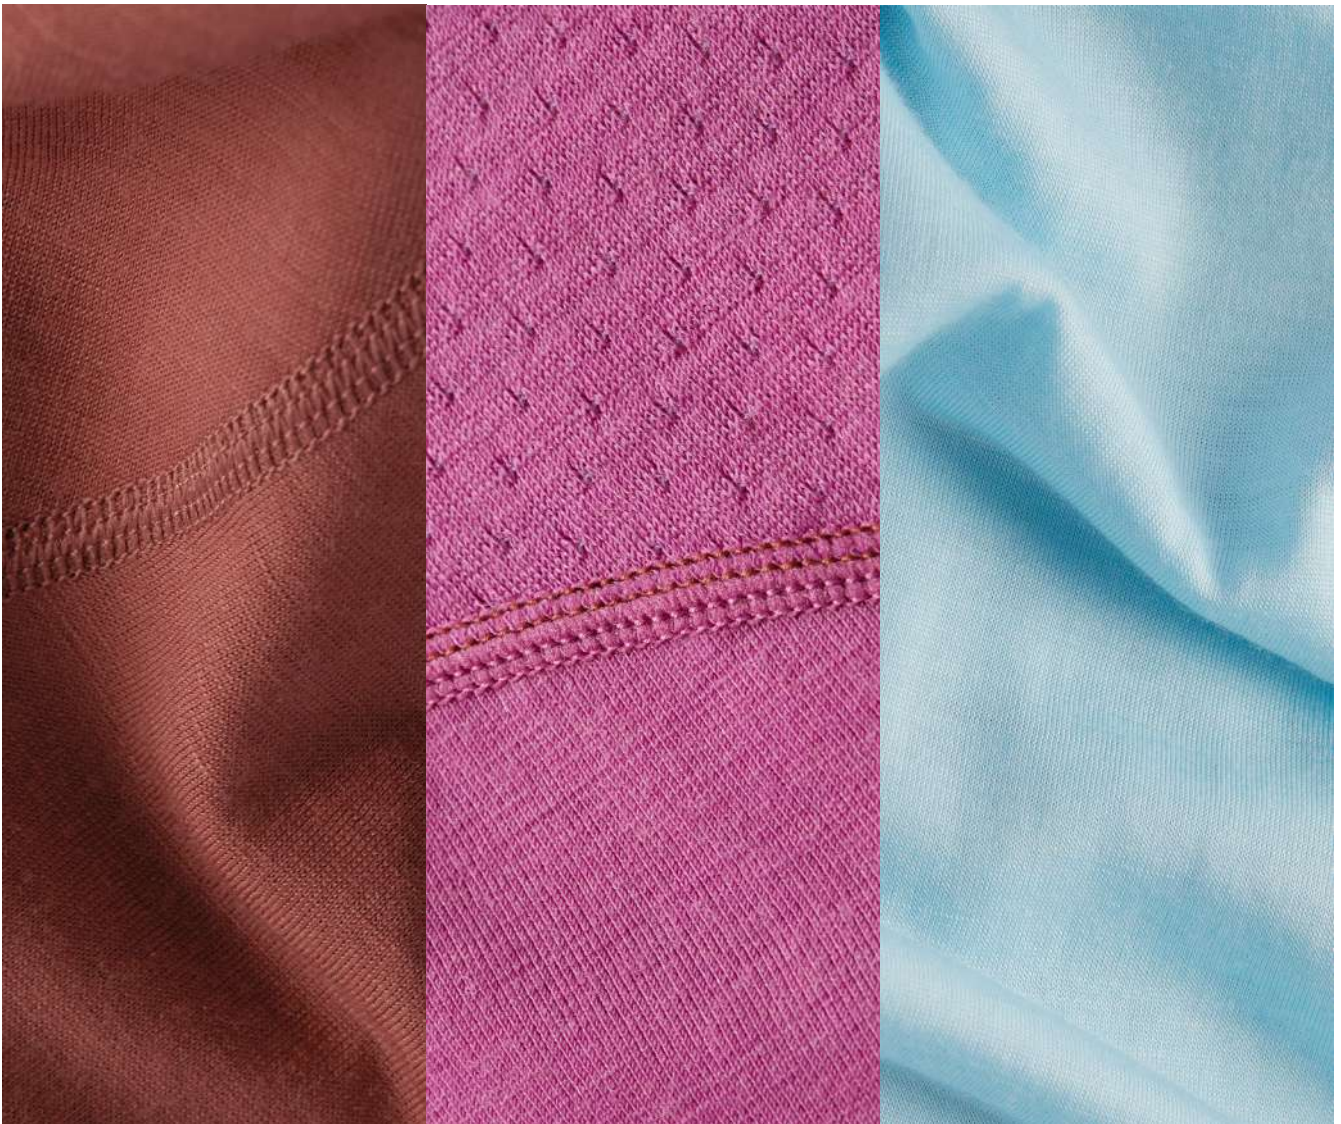

We provide naturally better products to help our customers feel and perform naturally better, whatever their activity, any day of the week. This way, we offer consumers more options and reasons to enjoy their icebreaker, while creating more opportunities for innovation.

Consumer mindset.

The world is shifting to a more natural way of living. Our customers work during the week, while at the weekends they are likely to spend their time outdoors, hiking or skiing. If we want to support this shift in mindset, to enable our customers to truly move to natural, our products need to serve them seven days a week.

Natural technologies.

100% Merino

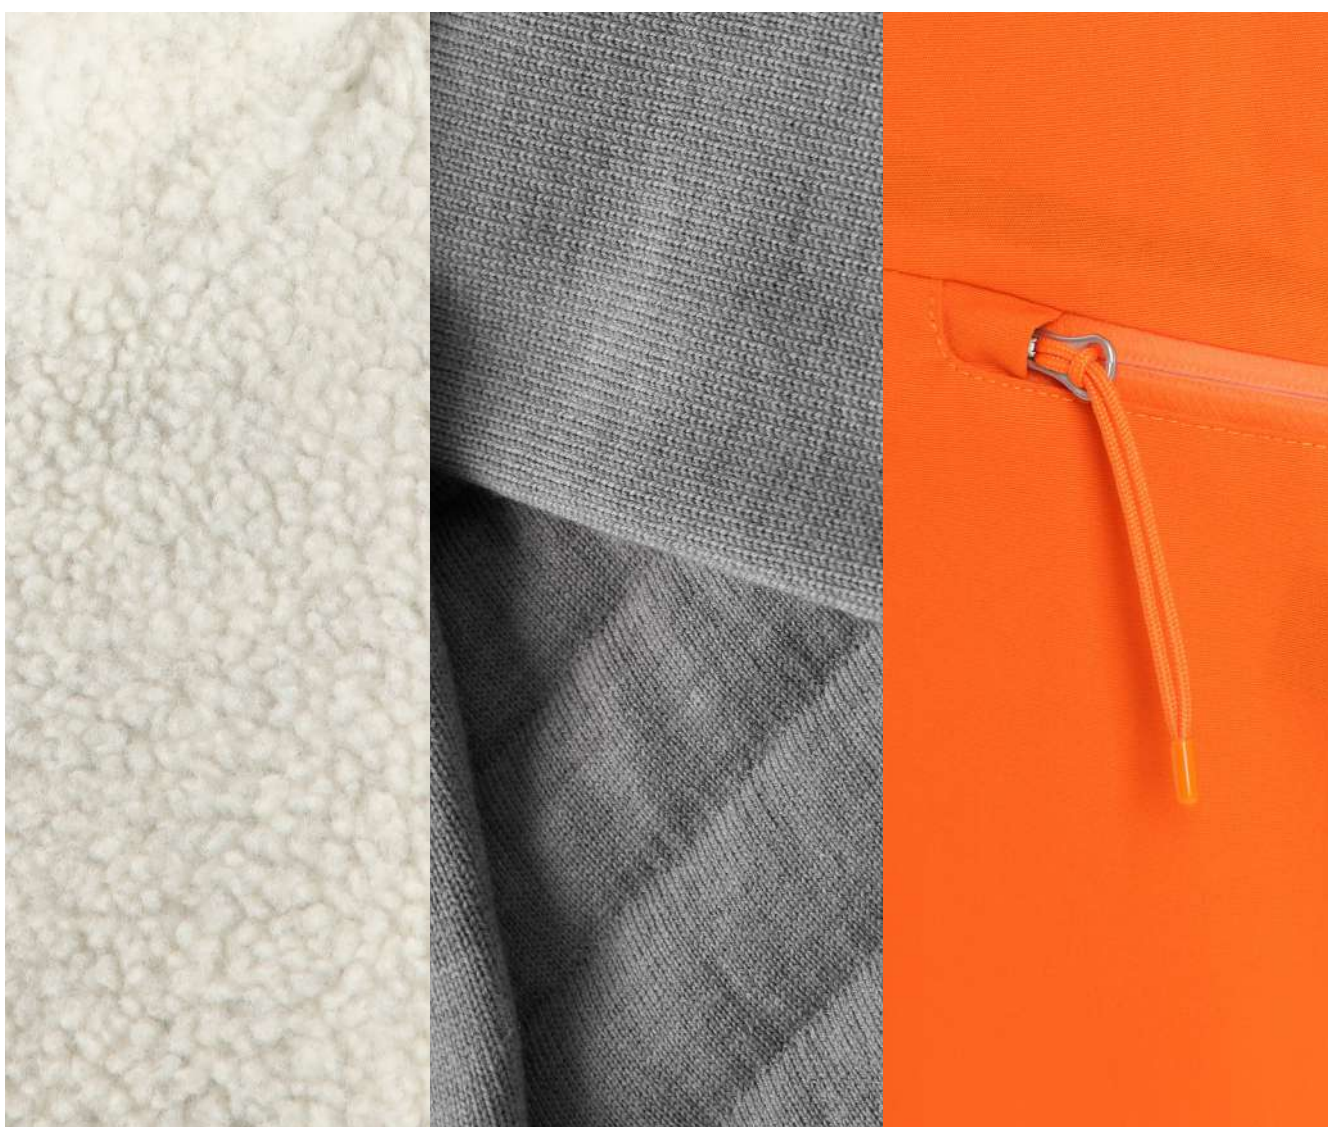

Naturally resilient. Merino wool is fine and lightweight, yet durable and strong, and so soft, you have to feel it to believe it.

ZoneKnit™

Naturally breathable. Engineered body apped technology to regulate your body temperature and let your skin breathe during high-intensity activity.

Cool-Lite™

Keep your cool. Breathable and lightweight fabric blend designed to keep you cool.

RealFleece®

Cold-weather essential. An authentic brushed merino wool that is warm and soft to the touch.

MerinoLoft™

Naturally insulated. Natural merino wool insulation with a high warmth-to-weight ratio.

Shell+™

Naturally protected. Wind and water repellent (PFC-Free DWR), an outer layer to keep you protected.

Four hero categories.

Base layers

Our base layers represent the core of our brand. Today, all of our base layers are plastic-free, and most are made with 100% merino wool. Versatile, comfortable and naturally odour resistant.

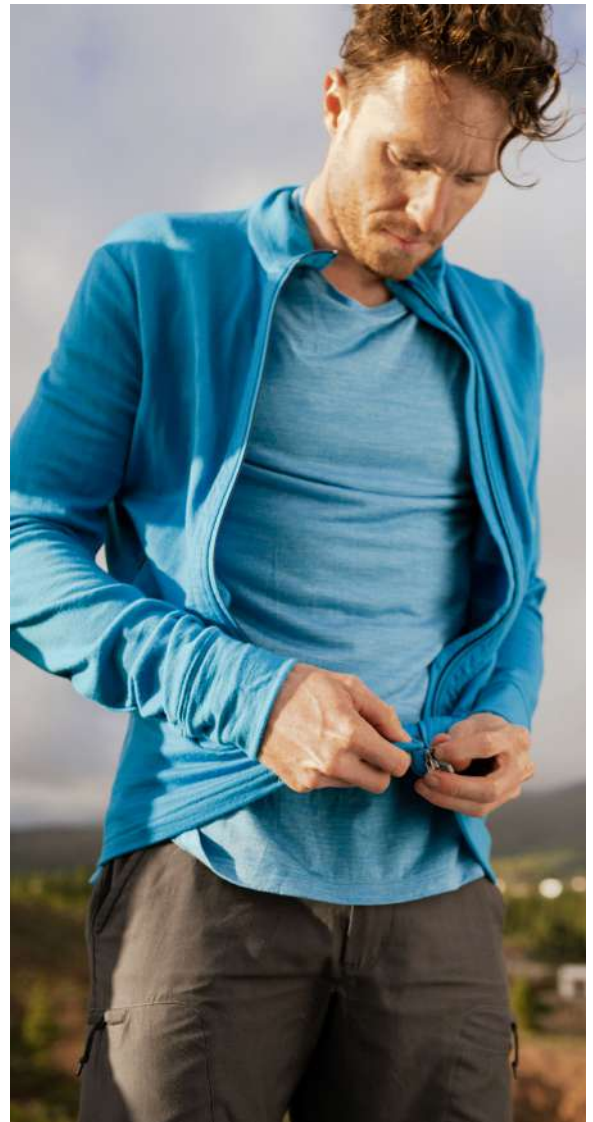

Tees

We have the perfect, high-performing tee for your next adventure. Made with a variety of fabrics, from natural merino wool to plant-based TENCEL™ Lyocell, now even more of our tees are plastic-free.

Underwear

Our underwear category complements our layering system perfectly. Ideal for active or casual use, our underwear is super soft and ultra-comfortable.

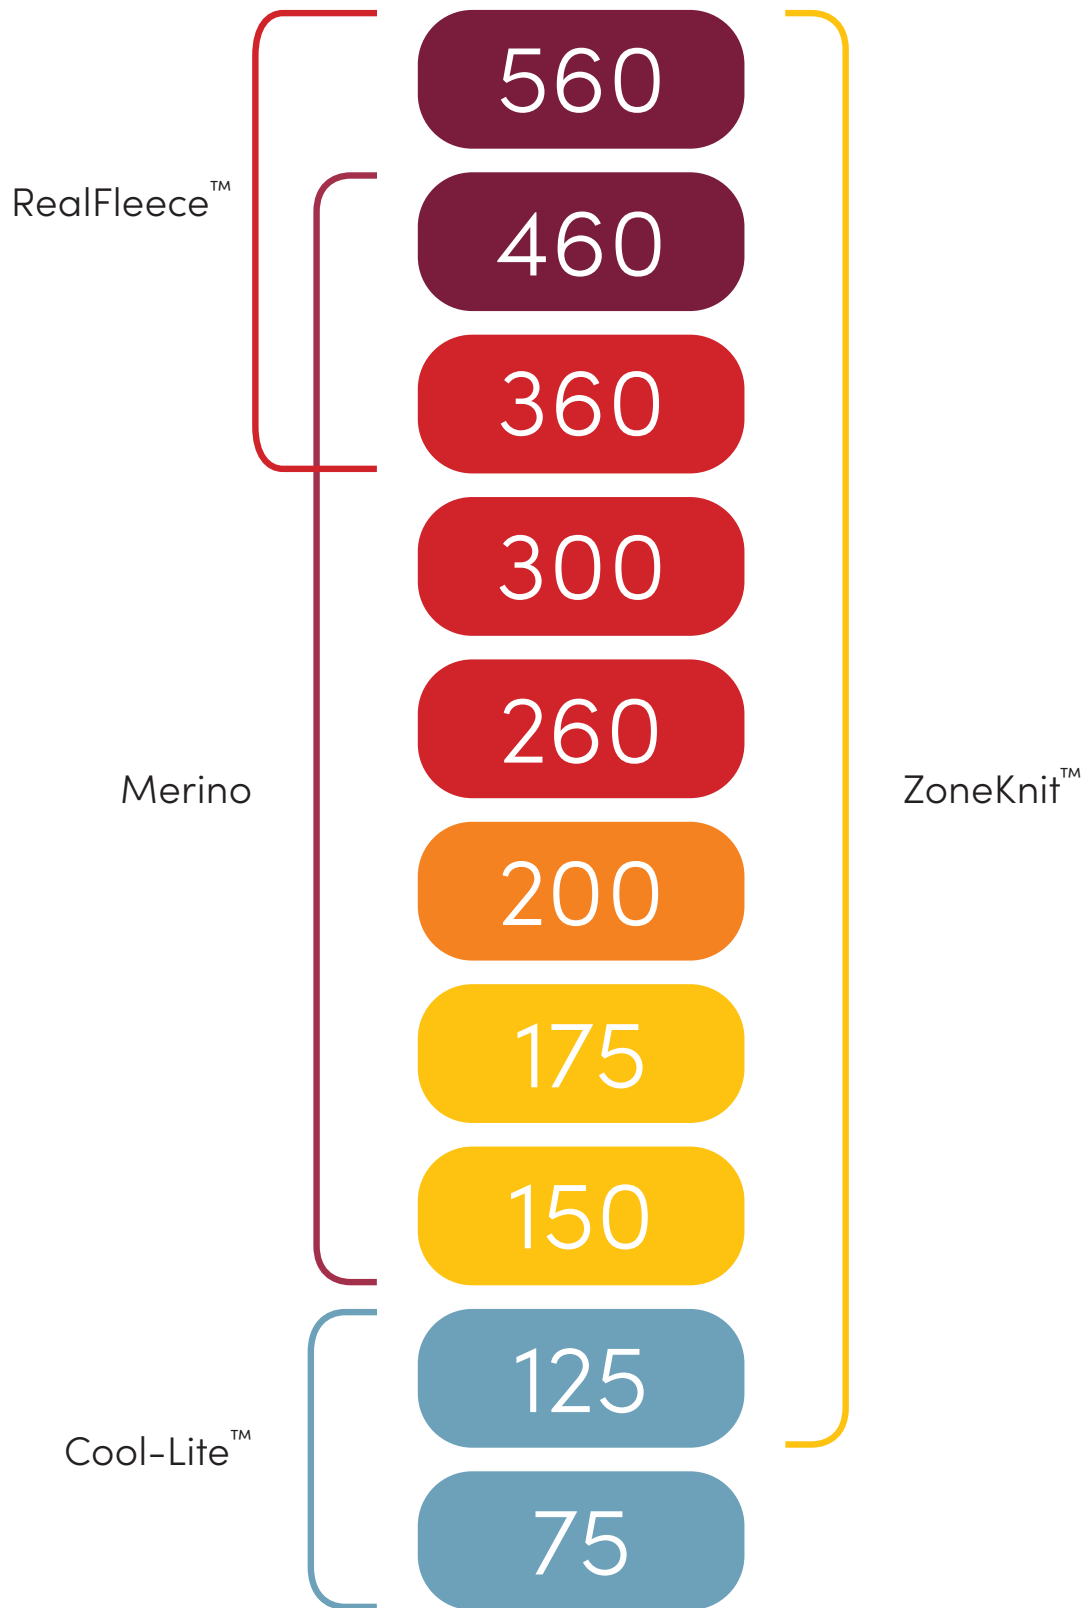

Mid layers

With our RealFleece® technology, mid layers are our most important opportunity for growth. Made with natural fibres, your mid layer is versatile, comfortable and provides the right warmth-to-weight ratio depending on your adventure.

The icebreaker warmth system.

We've adapted the warmth system to include more of our products but the same principle still applies: The bigger the number, the warmer you'll be. The lower the number, the cooler you'll be.

Our layering system.

Underwear

Start the day with nature next to your skin. Soft and lightweight fibres that allow your skin to breathe, for freshness and comfort all day.

Base/First

Natural softness against your skin, for breathable comfort and climate control. Versatility, style, function and performance without compromise.

Mid

Wrapping the body in comfort, our insulating mid layers add a buffer zone for moisture and a shield from the cold.

Outer

Warm and lightweight, our outer layers protect from the elements, while still allowing the body to move and breathe freely.

Seasonal stories.

icebreaker

icebreaker

icebreaker

Inspired by light.

We naturally gravitate towards light. Light absorbs, reflects, and bounces off surfaces, helping us define and make sense of our surroundings. Light illuminates our natural world, inspiring awe and wonder with every ray. Light can influence our mood and spark a light within that gives us energy and motivation. This season, light offers endless inspiration. From our radiant, luminous colour palette to graphics inspired by the light we find in nature, art, and science. From subtle nods in material use to more obvious references in product design with colour blocking mimicking the way light moves through nature. Light gives us life, in more ways than one.

Hike To Natural.

Any trail. Any conditions. Any time.

You have a purpose when you step onto the trail. The thrill of a challenge lingers in the air, and nothing can hold you back. That's why we've designed our layering system so you can be unstoppable in nature and focus on the trail ahead of you. This is a collection that embraces natural performance for consumers who enjoy hiking in nature.

Cool-Lite™

Raise the intensity. Not the temperature.

| |
|--------------|
| Lightweight |
| Breathable |
| Quick drying |

Why choose one when you can have both? Our powerful combination of merino wool and Tencel™ helps to manage moisture and keep you comfortable in warm weather. This collection is designed to work hard, so you don't have to (unless you want to).

Tech-lite Expansion.

100% Merino. 0% Failure.

| |
|---------------------------|
| Breathable |
| Naturally odour resistant |
| 100% Merino |

Meet the only essential piece you need to get out there and move. These tees are super breathable and lightweight, made with 100% merino wool, and perfect for your next adventure. It doesn't get any closer to natural than this.

Run to natural.

Made for mileage.

You're always hungry for the next challenge- it's in your DNA. You're out there, rain or shine, sleet or snow, feet pounding over pavement and dirt. Nothing can hold you back. This collection brings out the hero already inside you with functional light fabrics, zero distractions, and intuitive details. Wherever you go/run, choose merino.

RealFleece™

Warmth when you need it.

| |
|----------------------|
| Brushed fleece fibre |
| Warm |
| Soft |

Preparation is key to adventure. Embrace the elements in layers designed to wrap you in warmth when you need it so you can keep going, whatever nature throws your way. These are versatile, reliable, essential layers made with our RealFleece innovation – designed for all-mountain activities, whatever the weather.

Reference

Women

Sizing / measurements refer to body size, not garment dimensions.

In instances when your body measurements are midway between two sizes, go to the smaller size for a tighter fit or the larger size for a looser fit.

Upper Body Measurements

| Woman (inches) | WXS | WS | WM | WL | WXL |
|----------------|-------|------|-------|------|-------|
| Bust | 32¼ | 34½ | 37 | 39½ | 42 |
| Height | 5' 5¼ | 5' 6 | 5' 6½ | 5' 7 | 5' 7½ |

| Woman (cm) | WXS | WS | WM | WL | WXL |
|------------|-------|-------|-------|-------|-------|
| Bust | 82.0 | 88.0 | 94.0 | 100.0 | 107.0 |
| Height | 167.0 | 168.0 | 169.0 | 170.0 | 171.0 |

How to measure:

| | |
|---------------|--|
| Bust | Place tape measure across your back, underneath your arms and then across the widest point on the bust. Don't 'squash' yourself. |
| Height | This is your true height, without the assistance of shoes. |

In instances when your body measurements for bust and height are in two different suggested sizes, we recommend going with the size from your bust measurement.

Lower Body Measurements

| Woman (inches) | WXS | WS | WM | WL | WXL |
|----------------|-----|-----|----|-----|-----|
| Waist | 25¼ | 27½ | 30 | 32¼ | 35 |
| Hip | 35½ | 37¾ | 40 | 42 | 44½ |

| Woman (cm) | WXS | WS | WM | WL | WXL |
|------------|------|------|-------|-------|-------|
| Waist | 64.0 | 70.0 | 76.0 | 82.0 | 89.0 |
| Hip | 90.0 | 96.0 | 102.0 | 107.0 | 113.0 |

| Woman (inches) | WXS | WS | WM | WL | WXL | | | |
|---------------------|-----|----|----|----|-----|----|----|----|
| Woven bottoms sizes | 26 | 27 | 28 | 29 | 30 | 31 | 32 | 33 |

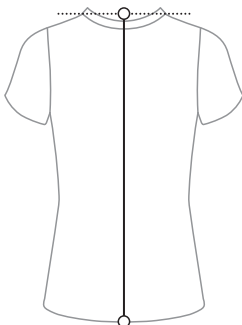

How to measure:

| | |
|--------------|---|
| Waist | Measure the smallest part of the torso. |
| Hip | Place the measuring tape around the body at the fullest part of the hip, feet together. |

In instances when your body measurements for waist and hip are in different suggested sizes, we recommend going with the size from your hip measurement.

Back Length

BL is measured from the high point of the shoulder

Fit On Body

Men

Sizing / measurements refer to body size, not garment dimensions.

In instances when your body measurements are midway between two sizes, go to the smaller size for a tighter fit or the larger size for a looser fit.

Upper Body Measurements

| Man (inches) | S | M | L | XL | XXL |
|--------------|-------|--------|--------|-------|------|
| Chest | 35¾ | 38¾ | 42 | 45 | 48¾ |
